GOD'S FINGER TOUCHED HIM AND HE SLEPT

REV. WILLIAM SHELTON PASSES OVER THE RIVER AT TWELVE LIGHT WEDNESDAY EVENING.

God's finger touched him and he slept.

At the twilight hour of the close of a glorious winter day, peacefully and painlessly, the soul of Dr. William Shelton left its mortal abiding place on Wednesday, the 21st, and was welcomed with the songs of the redeemed and the angels to that land which is fairer than day.

No more beautiful death can be hoped for than that by which this great, good man of God crossed over the dark river to receive the crown which has awaited him so long, and which those who know him and the life that he led, know has been adorned by the Son of God himself with the brightest jewels of His kingdom.

Just ten days after he had been stricken with the apoplectic stroke, he lingered. His splendid physique and tremendous vitality—remarkable indeed for a man of 86 years—for a time led his loved ones to hope that he might overcome the fearful attack. But tired nature was unable to respond and he sank gradually and quietly into the end.

Probably no man who has died in Stanford was more universally respected and beloved than Dr. Shelton. For fifteen years he had made his home in this community, coming here at that time to take the presidency of the old Stanford Female College. For five years he held that position and then he retired to the well earned rest to which his years of labor entitled him. Since then he had made his home with his daughter, and her husband, Mr. and Mrs. J. C. McClary.

At the age of 17 Dr. Shelton possessed his Lord, and few have more faithfully served Him or given more of their lives devotion and labor. He worked in the ministry in earlier life, and when engaged in educational pursuits afterwards, was anxious to take what part he could in the pulpit. His place in the congregation at the Baptist church was always filled, save when the weight of advancing years and inclemency of the weather forbade his presence, at worship.

Possessed of a genial, kindly nature, Dr. Shelton can truly be said to have loved his fellow man, and the sorrow and sympathy manifested in the community when he was stricken, and then taken testifies to the universal love and esteem in which he was held.

Brief services were held over the remains at the home of his daughter Thursday afternoon by Rev. J. H. Jones, and then the body was laid to rest in the family lot in Buffalo cemetery.

The pall-bearers were: Active—J. B. Eads, J. N. McCreary, Sr., Garland Shugart, J. C. Florence, Hoxan Saulley, and W. H. Wesner. Honorary—G. R. Cooper, J. B. Eads, S. H. Heston, T. D. Newland, Dr. C. Fowler, H. H. Shanks and A. C. Charman.

Short Sketch of His Life.
Dr. William Shelton was in his day one of the foremost ministers of the Baptist church in the South and one of its most prominent educators. He was at the head at different times of several leading educational institutions, and as a pastor and preacher and leader in his denomination was recognized as a man of power and a man of God.

Dr. Shelton was born in Smith county, Tennessee, near Lebanon, July 4, 1824, making him 86 years of age at the time of his death. He was one of a large family, the only other survivor being his sister, Mrs. Martha Hinkle, of Kansas City, Mo. Dr. Shelton graduated from the University at Nashville, and studied theology at Hamilton University, New York. He was successively pastor of the Baptist church at Clarksville, Tenn., professor of Greek and Latin at the University of Murfreesboro, Tenn., president of Brownsville female college, Tenn., and pastor of the Baptist church there; president of West Tennessee College at Jackson, Tenn.; president of the University of Nashville; president of Ewing college, Ewing, Ill.; president of Los Angeles University at Los Angeles, California; president of Sweetwater Female College, Sweetwater, Tenn., and president of Stanford Female College here. He retired from active duty a number of years ago and has since made his home in this city with his daughter, Mrs. J. C. McClary.

Dr. Shelton was married twice, his first wife being Miss Virginia Campbell, niece and adopted daughter of Gov. David Campbell, of Virginia and sister of Gov. William Campbell of Tennessee. To this union were born eight children, two surviving Mrs. J. C. McClary, of this city and Henry C. Shelton, of Seattle, Washington. He is survived by ten grandchildren among them being Dr. W. A. Shelton, a leading surgeon, of Kansas City, Miss Virginia Richeson, of Freeport, Ill., Miss Mary Richeson, of Gooding, Idaho, Richard Richeson, of Canada, Robert C. Saulley, of Parker, Arizona and Edwinton M. Saulley, editor of the Interior Journal, of this city, and Margaret Milton, William and Elsie Shelton, of Seattle. He also leaves three great grandchildren.

After the death of his first wife in 1877, Dr. Shelton was married to Mrs. Carrie W. Bass, of West Nashville, Tenn., who died in 1902, leaving no issue.

The degrees of L. L. D., Ph. D., and D. D. were conferred upon the deceased in early life by institutions in recognition of his signal ability and acknowledged leadership in the ministry and educational field.

DOING A GOOD WORK

Rev. J. H. Pence, pastor of the M. E. church of Miner, Ill., and two sons are visiting friends and relatives here, during the holidays. He has very recently distributed clothing among the poor and destitute families here and in the country. At least forty different families have been assisted by the generosity of Mr. Pence. In many instances children have been clothed from head to foot. For the past four years he has been assisting these families by sending them clothing and in some instances food.

May the Lord prosper the work of him who is willing to care for and assist others.

J. W. Greer, Greenwood, La., suffered with a severe case of humbug "The pains were so intense I was forced to hypodermic injections for relief. These attacks started with a pain in the small of the back which gradually became fairly paralyzing. My attention was attracted to Foley's Kidney Remedy and I am glad to say after using this wonderful medicine, I am no longer bothered in any way by my old enemy humbug."

FOR TOBACCO AT SALES IN DANVILLE WEDNESDAY.

Tobacco is going up with a jump as a result of the starting of another pool at Lexington. At the Peoples Tobacco Warehouse in Danville on Wednesday sales were as high as 20 cents a pound was obtained for several baskets of the weed owned by T. A. Kimerson, of Powers, Casey county, the crop averaged \$14.75 in all, which is a splendid average. Some other good averages in the 65,000 pounds sold during the day were as follows:

J. C. Robinson, of Allicott, Boyle county 12 1/2 cents. Jason Meadows, 12 1/2 cents. Louis Tucker, of Middleburg, Casey county, 11 1/2 cents. Jesse Overstreet, 15 cents. John Lynn, of Hustonville made a good sale, the best price he got, however was 16 cents.

The entertainment to be given Xmas Eve by the Baptist S. S. promises to be a very interesting affair.

Mr. Vernon is to have a moving picture show, Messrs. A. B. Fumish, W. G. McCreary and Victor C. Tate are the promoters.

Those around here who have seen their tobacco are not pleased with the price paid and it looks as though little will be planted out next year in these parts.

Howard Owens and Miss Martha Bradley of the Sayers neighborhood were married last week by and at the residence of Rev. James Cummins of the Poplar Grove vicinity.

William Ballard has moved into Mrs. Clarks property lately vacated by Mr. Cooper.

TO PUT TOBACCO AT LIVING PRICE.

NEW POOL MOVEMENT IS STARTED IN BURLEY COUNTIES WITH ENTHUSIASM.

Clarence K. Tate returned from Lexington Wednesday, where he attended the meeting of tobacco growers and took prominent part in the work of organizing another pool for next year. Both independents and former poolers joined in the movement, and it promises to sweep the Burley district by storm. Men who have hitherto fought the pool, but have seen the effect of its failure in the lowering of tobacco prices have joined in the movement and it is believed that the organization of the new pool for 1911 means a great thing for the tobacco grower. Prices at the Lexington breaks this week jumped two cents a pound when it learned that the new pool seemed to be a certain go, and it is expected that the market for tobacco will immediately become very active again.

The tobacco growers at the meeting in Lexington were not empowered to take any formal action, as they did not come as delegated representatives from their counties. They adopted a plan of action, however, which was endorsed by all present. At a meeting of the growers of various Burley counties seats on Saturday December 31 delegates will be appointed to another meeting to be held in Lexington January 5, 1911, when the pooling movement will formally launched. The report of the committee appointed at Lexington this week to draft a plan, was as follows:

"Your committee appointed to devise ways and means of pooling the White Burley tobacco in such counties in Kentucky, Ohio, Indiana, Missouri and West Virginia as can and do raise White Burley tobacco, respectfully report as follows:

"First that we recommend the pooling of the 1911 crop, and in the same contract out our 1912 crop; that all counties in the Burley district be requested to send delegates to Lexington on the 5th day of January, 1911, to devise ways and means to bring about this end.

"For the purpose of strengthening the 1911 pool we also recommend to the addition of the 1911 pool any other unsold tobacco on hand.

"Second—We favor county organization and home rule.

"Third—We favor a reasonable per cent. contract.

"Fourth we favor a separate organization and recommend co-operation with similar tobacco organizations.

"Fifth—We recommend that June W. Gayle, Judge, B. F. Hill and M. H. Forman be appointed a committee to take up the question of organization and confer with other similar organizations and report at the meeting on January 5th, 1911.

"B. F. Hill, Chairman, Henry county. "H. M. Bosworth, Fayette.

"C. E. Tate, Lincoln.

"P. Q. Minor, Owen.

"H. M. Forman, Carroll.

"Ed Gill Mercer.

"June W. Gayle, Owen.

"James H. Polsgrove, Franklin.

That Lincoln county will be solidly in line behind the movement for the new pool seems evident from the tone of expressions heard from various tobacco growers on the streets this week when news of the movement reached here. It is confidently believed that the strongest pool of tobacco ever perfected will result from this movement, and the price of the weed be forced to a figure, that will give a grower a fair return for his labor. Mr. Tate who represented Lincoln this week, urges every farmer in Lincoln not to forget to attend the mass meeting of Lincoln county growers which will be held here on Saturday, Dec. 31.

Good News For Growers.

KINCAID RECEIVES WORD TO BEGIN BUYING TOBACCO AGAIN.

Here's good news for the tobacco growers of Lincoln county who have been unable to sell their tobacco and many of whom have been wondering where their Christmas money was coming from. W. P. Kincaid, local buyer for the Louisville Tobacco Warehouse Company, announced to the L. J. on Wednesday that he will begin buying at his warehouse here immediately after Christmas. He has received orders from his house to start in shipping in tobacco to them the first of the year, and trucks and hogheads have been shipped here to handle a large amount of the weed.

Good prices are expected to prevail again for this crop since the new pooling movement was started at Lexington this week with such enthusiasm both by the old poolers and the independents.

A SIMPLE SAFE GUARD FOR MOTHERS.

Mrs. D. Gilson, 325 Ingles Ave., Youngstown, Ohio, gained wisdom by experience. "My little girl had a severe cold and coughed almost continuously. My sister recommended Foley's Honey and Tar. The first dose I gave her relieved the inflammation in her throat and after using only one bottle her throat and lungs were entirely free from inflammation. Since then I always keep a bottle of Foley's Honey and Tar in the house. Accept no substitutes. Sold by Shugart and Tanner."
